## 2. MANAGING PLUGIN & CONTACT DETAILS

👉 This document relates to BrandCrock plugin for **Customer Profile Picture** for **Shopware 6** contains important information about installation and usage of the plugin. At the same time, this document serves as performance and functional specification for features available in the plugin.

👉 If you face any issue or problems on installing or testing our plugin please contact our [Support team](#).

👉 Please don't change or modify the plugin without having any experience or understanding.

### 2.1 About this Plugin

**Customer Profile Picture** plugin for Shopware 6 allows users to change their profile picture in the Shopware online shop. Once the plugin is enabled, the shop front-end shows an option (a button) to upload a profile picture under **My Account**. Upon clicking the option, the users can upload their profile picture without exceeding the size limit of 100 KB. The file types accepted are JPG, JPEG and PNG formats. This option allows you to update a new profile picture or change the profile picture by updating the existing one.

## 3. PLUGIN INSTALLATION

The initial step is the **Installation** of the plugin. The following screenshots will explain you in detail about the installation process,

**Step 1:** Login to shop backend, navigate to **Extensions** ▯ **My extensions**.

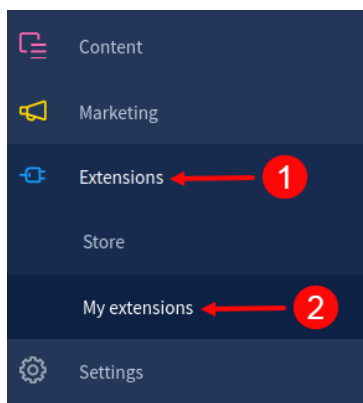

Figure 1

**Step 2:** Click the Upload extension to browse the **BrandCrockCustomerProfilePicture.zip** file, select the plugin and click **Open** to upload the plugin.

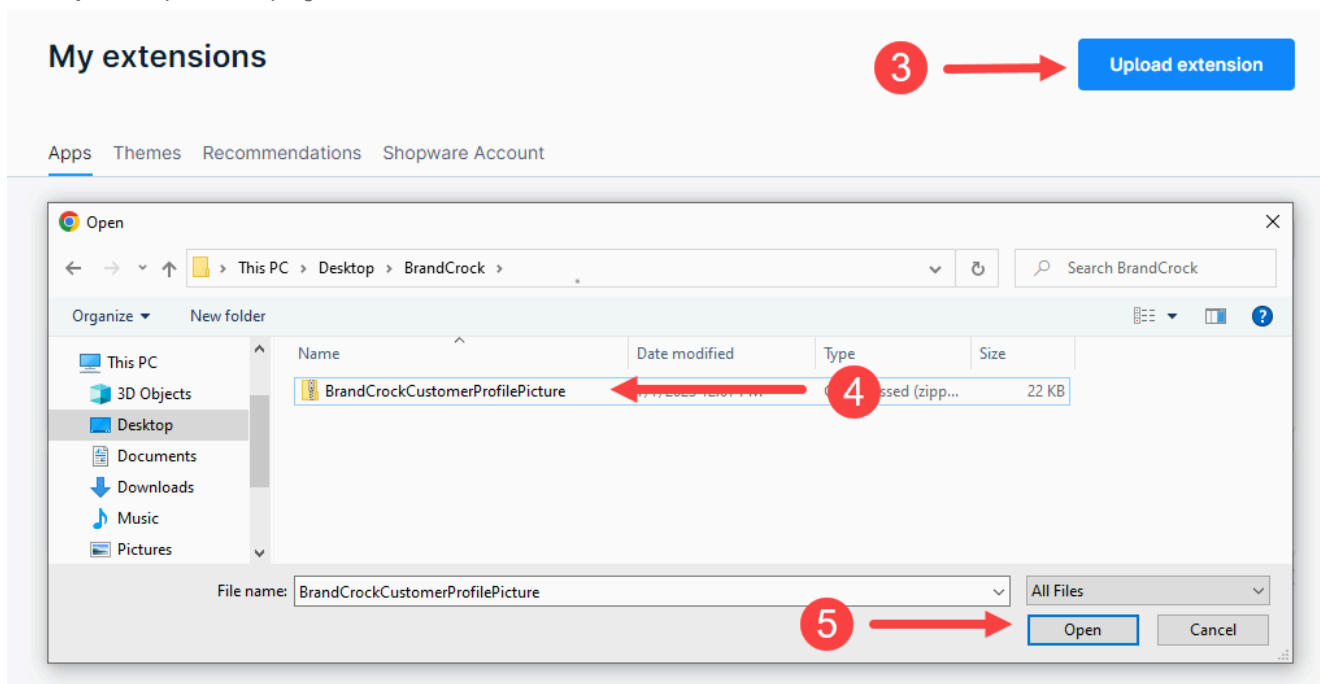

Figure 2

**Step 3:** After uploading the **Customer Profile Picture** plugin, it will be shown under **Apps** in **My extensions** page.

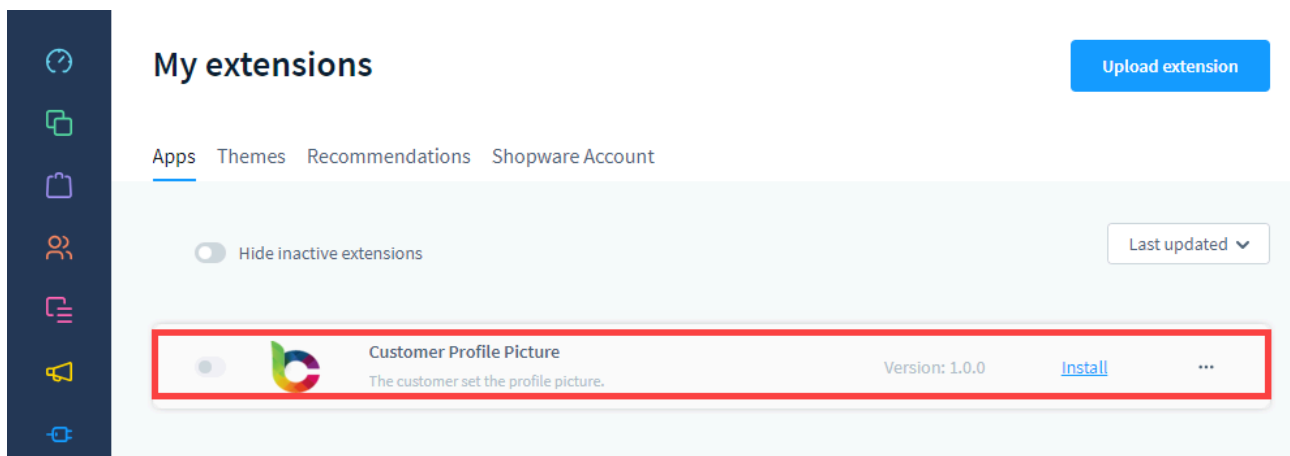

Figure 3

**Step 4:** Now, install the **Customer Profile Picture** plugin by clicking **Install** as shown below

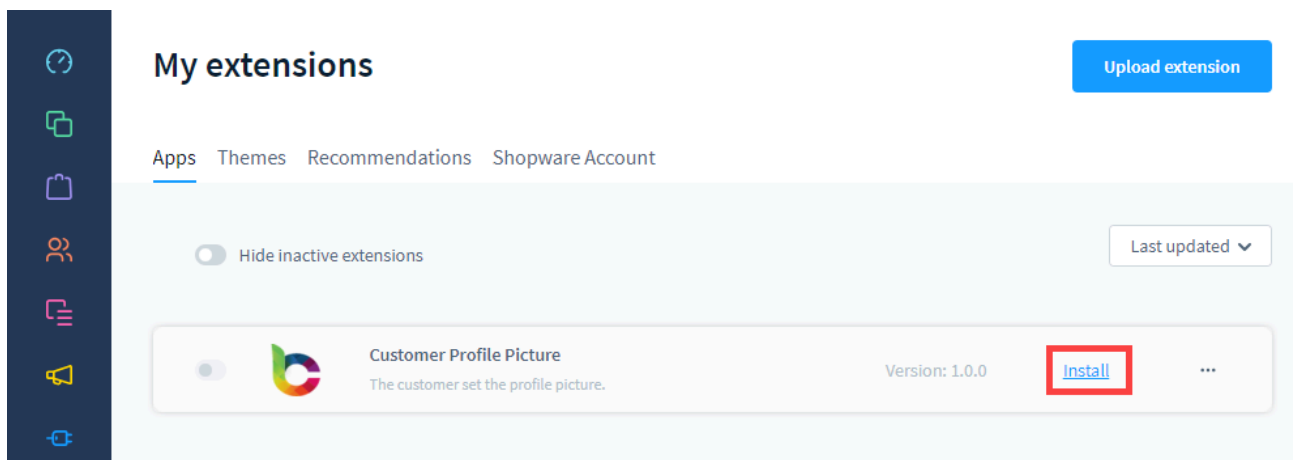

Figure 4

**Step 5:** Next, click enable  switch to activate the **Customer Profile Picture** plugin.
