2. MANAGING PLUGIN & CONTACT DETAILS

This document relates to BrandCrock plugin for **Article Images Preview Mouseover I Listing** for **Shopware 6** contains important information about installation and usage of the plugin. At the same time, this document serves as performance and functional specification for features available in the plugin.

If you face any issue or problems on installing or testing our plugin please contact our <u>Support team</u>.

Please don't change or modify the plugin without having any experience or understanding.

2.1 About this Plugin

Article Images Preview Mouseover I Listing Plugin allows you to enhance your product listings by displaying multiple images for each item. When customers hover over a product's cover image, a vertical slider appears, showcasing additional images. The cover image updates automatically based on the selected image, providing a seamless browsing experience. Products with multiple images are easily identifiable by a different border color on hover, helping customers make informed purchasing decisions.

3. PLUGIN INSTALLATION

The initial step is the installation of the plugin. The following screenshots will explain you in detail about the installation process,

Step 1: Login to shop backend, navigate to Extensions I My extensions.
