2. MANAGING THEME & CONTACT DETAILS

This document relates to BrandCrock theme for **Wanderlust Theme** for **Shopware 6** contains important information about installation and usage of the theme. At the same time, this document serves as performance and functional specification for features available in the theme.

- If you face any issue or problems on installing or testing our theme please contact our Support team.
- Please don't change or modify the theme without having any experience or understanding.

2.1 About this Theme

Wanderlust Theme theme allows you to add a new theme for your web shop. This theme is highly responsive with a wide range of customization features and optimized loading speed. This theme allows users to customize home page, header, search bar, product listing, product filters, product detail page, status messages, text font, text colour, footer, and social media icons in the shop front-end. Additionally, this theme allows the display promotional messages, customizable CMS blocks and advertisement banners.

3. THEME INSTALLATION

The initial step is the Installation of the theme. The following screenshots will explain you in detail about the installation process:

Step 1: Login to shop backend, navigate to Extensions >My extensions >Themes.

Figure 1
