1. ABOUT BrandCrock GmbH

BrandCrock GmbH is a one-stop software solution provider for all your business needs in more than 15 countries worldwide. We create sales-oriented corporate websites, internet-based software and web services. We are stationed in Munich, Germany, with other offices in Karachi and Chennai.

BrandCrock GmbH is one of Germany's leading and trusted offshore and outsourcing software solution providers for web designing and software development.

Since 2015 we have been in the field of information technology and software development; providing reliable and cost-effective solutions to individuals, business owners, start-ups, small to medium size companies (SME's) on-line retailers, production companies, Software and Design Agencies. BrandCrock is fulfilling a greater demand of software development at a reasonable cost for anyone interested in our professional skills especially the European and German based Market.

We have passionate teams and multi-talented individuals who are extremely committed to their work. At BrandCrock we are achieving robust, reliable, high quality IT solutions by practicing industry-proven methods cum standards in software development, project management and quality assurance methodologies.

For further information, please refer to our site www.brandcrock.com

2. MANAGING PLUGIN & CONTACT DETAILS

➡ This document relates to BrandCrock plugin for **Quick View Products | Detail Page** and contains important information about installation and usage of the plugin. At the same time, this document serves as performance and functional specification for features available in the plugin.

➡ If you face any issue or problems on installing or testing our plugin please contact our [Support team](#).

➡ Please don't change or modify the plugin without having any experience or understanding.

2.1 About this Plugin

Quick View Products | Detail Page plugin when activated displays similar products relevant to the one in the product detail page. Similar products can be any number of products taken from shops. The display is a horizontal list of similar products viewed in a navigation slider. An arrow on the left and right helps users to navigate the slider to view more products.

3. PLUGIN INSTALLATION

The initial step is the **Installation** of the plugin. The following screenshots will explain you in detail about the installation process,

Step 1: Login to shop backend, navigate to **Extensions** ☐ **My extensions**.

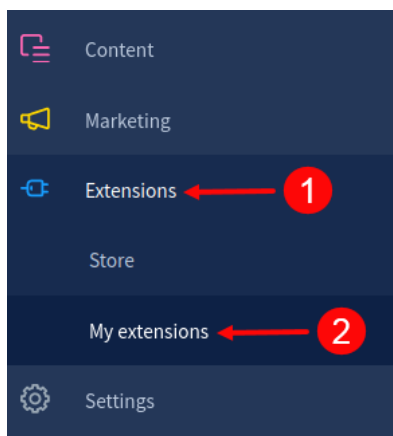

Figure 1

Step 2: Click the Upload **extension** to browse the **BrandCrockDetailPageProductListing.zip** file and then click **Open** to upload the plugin.

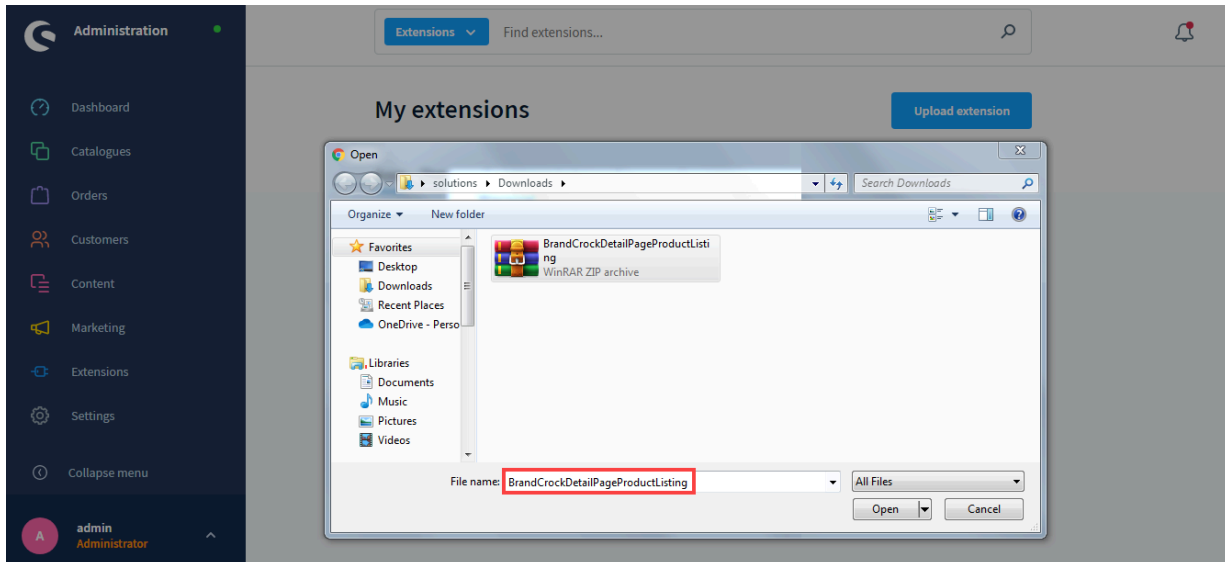

Figure 2
