2. MANAGING PLUGIN & CONTACT DETAILS

This document relates to BrandCrock plugin for **Recent Products View | Sidebar** and contains important information about installation and usage of the plugin. At the same time, this document serves as performance and functional specification for features available in the plugin.

- If you face any issue or problems on installing or testing our plugin please contact our <u>Support team</u>.
- Please don't change or modify the plugin without having any experience or understanding.

2.1 About this Plugin

The plugin works to display the set of products (with name and price details) in the menu bar. In the backend system, it allows you to set the maximum number of products to display as well as the layout that you prefer to display the products. Upon this selection, the products are displayed accordingly in the menu bar.

3. PLUGIN INSTALLATION

The initial step is the Installation of the plugin. The following screenshots will explain you in detail about the installation process,

Step 1: Login to shop backend, navigate to Extensions
My extensions.
